

## **FISCAL NOTE**

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 20, 1995

SUBJECT: **SB 601 - HB 833**

This bill, if enacted, will allow special school districts to be created in counties with a population over 400,000 (Shelby County), excluding any county having a metropolitan form of government, as long as the district includes one or more cities.

The fiscal impact on local governments from enactment of this bill in and of itself is estimated to be minimal since the provisions of the bill are permissive.

However, should a local government chose to do this, enactment of the bill is estimated to be minimal, since the bill merely removes the limitation which prohibits the creation of a special school district in Shelby County. A new special school district could only be created by separate legislation.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
